

**Ultrasound-Guided Regional Anesthesia for the CRNA:  
Cadaveric & Live-Model Hands-On Workshop of Upper/Lower Extremity and Other Key Blocks**

Day 1 -- Saturday, December 2, 2017

| Time(s) |         | Topics/Lectures   | Faculty  |
|---------|---------|---|--|
| 7:00    | - 8:00  | <b>Registration and Breakfast</b>   |  |
| 8:00    | - 8:30  | Lecture and Demonstration: Basic Principles of Ultrasound   | John Craig, CRNA, DNP                            |
| 8:30    | - 9:30  | Lecture and Demonstration: US for Upper Extremity Blocks<br>-Interscalene; Supraclavicular; Infraclavicular; Axillary | John Gasko, CRNA, DNP                            |
| 9:30    | - 10:00 | Upper Extremity Breakout Hands-On Workshop/Practice<br>- Live Models<br>- Cadaveric Anatomy                           | All Faculty                                      |
| 10:00   | - 10:15 | <b>Break</b>  |  |
| 10:15   | - 11:00 | Upper Extremity Breakout Hands-On Workshop/Practice<br>- Live Models<br>- Cadaveric Anatomy                           | All Faculty                                      |
| 11:00   | - 11:45 | Upper Extremity Breakout Hands-on Workshops/Practice  | All Faculty                                      |
| 11:45   | - 12:30 | Upper Extremity Blocks (continued) Rotate Groups  | All Faculty                                      |
| 12:30   | - 1:15  | <b>Lunch</b>  |  |
| 1:15    | - 2:15  | Lecture & Demonstration: US for Lower Extremity Blocks  | Amy Forrester, CRNA, DNAP                        |
| 2:15    | - 2:45  | Lower Extremity Breakout Hands-On Workshop/Practice<br>- Live Models<br>- Cadaveric Anatomy                           | All Faculty                                      |
| 2:30    | - 3:00  | Lower Extremity (continued) Rotate Groups   | All Faculty                                      |
| 3:00    | - 3:15  | <b>Break</b>  |  |
| 3:15    | - 3:45  | Lower Extremity Breakout Hands-On Workshop/Practice   | All Faculty                                      |
| 4:45    | 4:15    | Lower Extremity (continued) Rotate Groups   | All Faculty                                      |
| 4:15    | - 5:15  | Integrated Lecture, Demonstration, Hands-on Practice for Key Somatic Blocks of the Trunk                              | John Sherner, CRNA, MSN<br>John Craig, CRNA, DNP |

**Ultrasound-Guided Regional Anesthesia for the CRNA:  
Cadaveric & Live-Model Hands-On Workshop of Upper/Lower Extremity and Other Key Blocks**

Day 2 -- Sunday, December 3, 2017

| Time(s) |         | Topics/Lectures  | Faculty  |
|---------|---------|--|--|
| 7:00    | - 8:00  | <b>Registration and Breakfast</b>  |  |
| 8:00    | - 9:00  | Continuation of Key Somatic Blocks of the Trunk  | John Craig, CRNA, DNP<br>John Sherner, CRNA, MSN |
|         |         | Extremity Breakout Hands-On Workshop/Practice<br>- Live Models<br>- Cadaveric Anatomy  | All Faculty                                      |
| 9:00    | - 10:00 | Integrated Lecture, Demonstration, Hands-on Practice for Utilization of Ultrasound to Administer Neuraxial Blocks  | John Craig, CRNA, DNP                            |
|         |         | Extremity Breakout Hands-On Workshop/Practice<br>- Live Models<br>- Cadaveric Anatomy  | All Faculty                                      |
| 10:00   | - 10:15 | <b>Break</b>   |  |
| 10:15   | - 11:15 | Continuous Peripheral Nerve Block Catheters: Placement and Management  | Amy Forrester, CRNA, DNAP                        |
|         |         | Extremity Breakout Hands-On Workshop/Practice<br>- Live Models<br>- Cadaveric Anatomy  | All Faculty                                      |
| 11:15   | - 12:15 | Regional Anesthesia and Acute Pain Management:<br>- Utilizing adjuncts, potential complications and management<br>- Tips for Success in Ultrasound Guided Regional Anesthesia<br><br>Open Discussion / Questions and Answers | All Faculty                                      |
